K2 DIAMOND

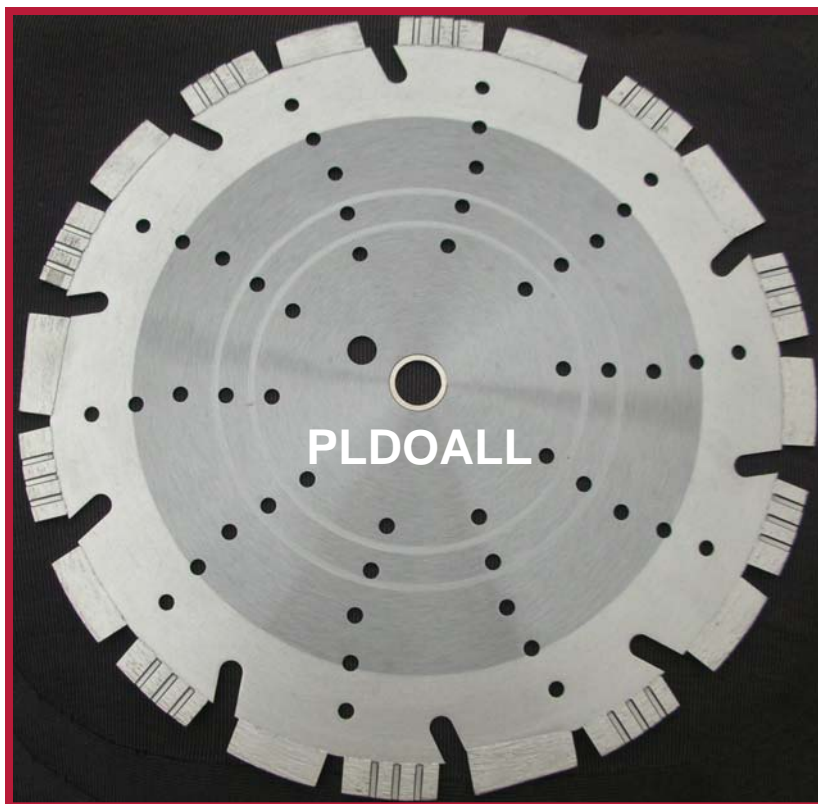

What's Newz

Performance Line

DO ALL Blade

K2 has further enhanced the blade capability with core protection against undercutting.

The jumbo size alternating turbo segments (over 1/2" tall) and undercut protection makes the DO ALL the ideal diamond blade for cutting a wide variety of materials.

One multi-purpose blade to cut cured concrete, green concrete, asphalt, brick, block, and more!

Designed for dry cutting, but to add to the versatility, you can use it in wet cutting applications as well.
