## 3 Speed Blade Shaft Gear Box

### 3 Speed Blade Shaft Gear Box

- ◆ **Engineered:** Heavy Duty construction to fit the 4000 series slab saws.
- ◆ **Designed:** For ease of operation and maintenance.
  - ◆ Larger internal bearings
  - ◆ Dual access plates to gears for easy maintenance and repair.
  - ◆ Improved water cooling distribution through out the gear box.
  - ◆ Smooth running precision gears for reduced vibration.
  - ◆ Supplied with 7 non-matched belts to allow for slippage and to prevent the belts from snapping if the blade becomes pinched in the cut.
- ◆ **Built:** Innovation = great investment.
  - ◆ Oil bath system for gear and shaft lubrication increases life.
  - ◆ 250 hour warranty on the gear set and blade shaft.

*Gear Set Combinations*  
(Blade Sizes)  
14" / 20" / 26"  
20" / 26" / 30"  
26" / 30" / 36"
