THE NEW WAVE JOINT CLEANER "NWJC"

Availability

The NWJC System comes in two sizes:
14" x .187" & 14" x .250"

Please note that spacers are also required when pairing blades.

What Does It Do?

The New Wave Joint Cleaning System is a uniquely engineered product specifically designed to clean existing joints of sealant and debris without gumming or jamming. It is especially effective on foam sealed joints.
