

What's NewZ

INTRODUCING THE NEW RED IMPREGNATED DIAMOND WIRE

Availability

Spec: VW4R

10.5mm Vulcanized Spring Impregnated
Diamond Wire.

40 Beads per meter/12 Beads per foot

What does it do

This new Red diamond wire is engineered to cut a variety of materials with numerous types of wire saws. The vulcanized rubber and spring design teamed with the unique blend of diamonds and metal bonds, deliver excellent value and cutting performance in moderate to low steel reinforced concrete.
